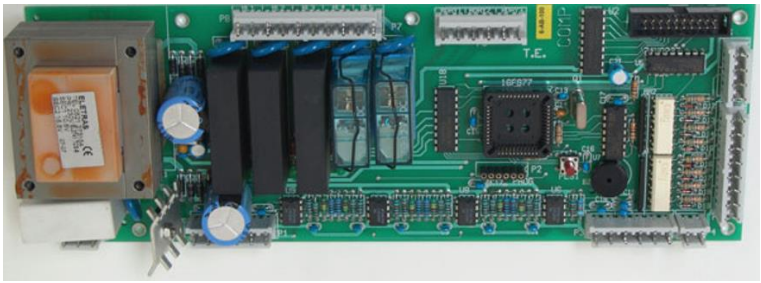
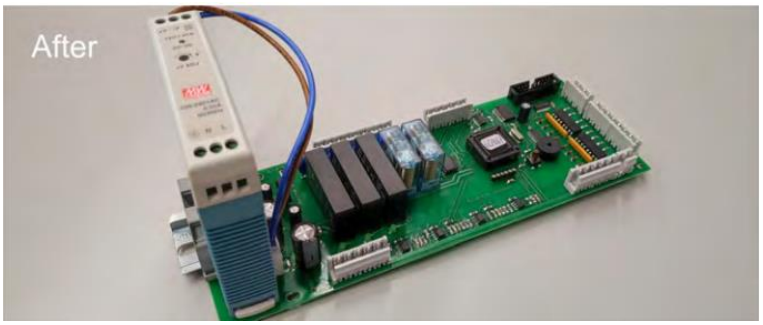
Issue(s)/symptom(s):

Our supplier of the CPU board has stopped the production of the CPU board, so therefore we have designed a new CPU board.

Old CPU board:



New CPU board



Improvement(s):

The new CPU board is backward compatible to all older Dryer and Light Finisher.

Kit's:

There is two different kit's and the only different between the two kit's is the E-prom:

Dryer:

Part no.:	Part description.	Qty.
6-CP-047	CHIP MICRO DRYER 501/401/301	1

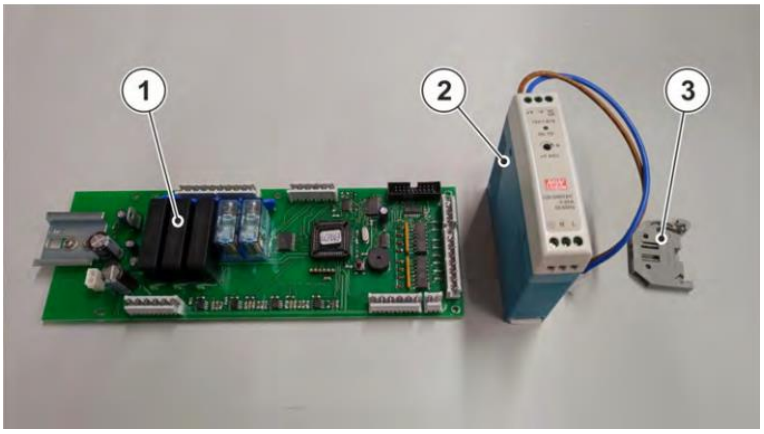
Light Finisher:

Part no.:	Part description.	Qty.
6-CP-048	CHIP MICRO LF 501/401/301	1

Glunz & Jensen (Headquarters)
Selandia Park 1
4100 Ringsted, Denmark
+45 5768 8181
gj@glunz-jensen.com

The Kit's consist of the following parts:

	10109281	10109282	Part description.	Qty.
1	10109293	10109294	PCB 6-AB-100 incl PSU and E-prom	1
2	10109249	10109249	Power Supply,12V, MDR 20-12	1
3	10007152	10007152	TERMINAL,LOCK,WAGO249-116	1
4	10109247	10109247	INSTRUCTION,POWER SUPPLY	1



Update procedure:
Please do not hesitate to contact the callcenter@glunz-jensen.com should you require any further information, please refer to CS-Note: GJ-20221220. Please note the kits is not supplied free of cost by G&J.

Parts to be ordered:

Dryer:

Part no.:	Part description.	Qty.
10109281	KIT CPU DRYER,6-AB-100 incl PSU and CP047	1

Light Finisher:

Part no.:	Part description.	Qty.
10109282	KIT CPU LF 501,6-AB-100 incl PSU and CP048	1
