Press Release

Glunz & Jensen stands firmly in solidarity with Ukraine and the Ukrainian people

Considering the invasion that the political leadership in Russia is currently launching into Ukraine, Glunz & Jensen stands firmly in solidarity with Ukraine and the Ukrainian people.

This means that Glunz & Jensen has ceased collaboration with our Russian and Belarus partners, both customers and suppliers. This is a difficult and bittersweet decision, since we have longstanding and strong ties with them. Nonetheless, we cannot and will not participate in any business with countries led by Governments that assaults another sovereign country.

We will closely monitor the situation going forward and hope to be able to continue working with and supporting our friends and partners in Ukraine.

Martin Overgaard Hansen
CEO

About Glunz & Jensen

Glunz & Jensen is the world's leading supplier of innovative, high-quality plate making solutions for the global prepress industry. In addition to developing and producing processors for the offset and flexo printing industry, we also offer after sales service. Our product portfolio includes exposure units, processors, dryers, light finishers, mounting tables, plate stackers, iCtP systems and software for monitoring and controlling complete prepress processes.

Glunz & Jensen has been a recognized leader in prepress for more than 48 years. We have long-standing relations with major customers such as Agfa, Asahi, DuPont, Flint, Fujifilm, Heidelberg, Kodak, MacDermid and Miraclon, the world's largest suppliers of printing solutions.

Glunz & Jensen market our products through a comprehensive and worldwide network of distributors and dealers, and has 103 employees in our facilities in Denmark, Slovakia, and USA.
